

### **Next Meeting: September 17, 2007**

Our September Meeting will feature a carving competition like you have never seen before. No matter what your carving skill level is you will want to come and be a part of this. Here is how it works. At 6:00 everyone will be given a piece of wood to begin carving whatever they wish. At 6:45, we will take a quick break and you will exchange your carving with another predetermined carver in the room, and will continue carving on the piece of wood they started with. At 7:30, we will stop and ask everyone to put their carving on display for the rest of us to see. It does not have to be a finished piece.

Whichever carving you end up with will be yours to keep. This will not be a judged competition, but may help some of you feel a little more comfortable with competing in the carving contest sponsored by Tom Wolfe at our show each year. Either way, we hope that you will have fun, get to know a fellow club member a little better, and go home with an "interesting" carving.
